

# Children's Blood Test Information

**Blood tests for children are only available at The Princess Alexandra in Harlow, and are by appointment only.**

We offer specific appointment times to provide choice to service users, to minimise waiting times and to allow a managed time where two specially trained phlebotomists can deliver a high quality service

Appointments can be made at Princess Alexandra Specimen Reception B23 or please telephone 01279 827030.

If you do not have an appointment please discuss with a phlebotomist; we will try to help you but you may be asked to wait or come back another day.
